Hochschwarzwald Card
Performance Overview 2025

This is how it works:
1. Instead of a physical card, you will receive a QR-Code online.
2. The Red Card is seperated in so called **Inclusive Performances** and **Card Special-Price-Performances**. The Inclusive Performances are for free. The Card-Special-Price-Performances are only bookable online and you will be granted a special price.

How does it work?
After you have filled in your registration formular (sent to you via Email by your host), you will be summoned via another email to activate your Red Card. After the activation (confirmed by email), you can book Card-Special-Price-Performances: for example Badeparadies Schwarzwald and/or Feldbergbahnen (Winter).
Card-Special-Price-Performances can only be visited with valid online ticket! It is not possible to receive the special price on-site.
Due to deficient network coverage it may also not be possible to book on-site.
Inclusive Performances can be visited by showing your valid QR-Code. Attention: There are a few exceptions. Please make sure you read the information text carefully, thank you.
All information below is without guarantee. In the event of a lack of capacity on the part of the service partner, there is no entitlement to the service.
