

# Hochschwarzwald Card

## Performance Overview 2024

Since December 2021, the Red Card is only available as digital card. Along with this came further changes:

1. Instead of a physical card, you will now receive a QR-Code online.

2. The Red Card is separated in so called **Inclusive Performances** and **Advantage Performances**. The Inclusive Performances are for free. The Advantage Performances are only bookable online and you will be granted a special price.

### How does it work?

After you have filled in your registration formular (sent to you via Email by your host), you will be summoned via another email to activate your Red Card. After the activation (confirmed by email), you can book Advantage Performances: for example Badeparadies Schwarzwald and/or Feldbergbahnen (Winter).

**Advantage Performances can only be visited with valid online ticket! It is not possible to receive the special price on-site.**

**Due to deficient network coverage it may also not be possible to book on-site.**

Inclusive Performances can be visited by showing your valid QR-Code. Attention: There are a few exceptions. Please make sure you read the information text carefully, thank you. All information below is without guarantee. In the event of a lack of capacity on the part of the service partner, there is no entitlement to the service.
